

About DriveTime

Do you hate visiting car dealerships because you're afraid of the way they will treat you when they find out your poor credit history? Well, with DriveTime there is nothing to be afraid of! We understand that people are not perfect and that most people have experienced financial trouble before, which is exactly why we do almost all of our own financing. We specialize in getting people with less-than-perfect credit into used cars that they are proud to drive.

We have several different Dallas DriveTime locations that are located for your convenience and that have a great selection of used cars. DriveTime is known for our welcoming atmosphere and the family-like feeling that you get from our team members. We know how hard it is to find a place that will work with your financial situation and help you find a used car that will not push your credit score even lower. Dallas DriveTime has locations where you can count on finding a used car that will fit your lifestyle.

DriveTime does 99% of our own financing and we can almost guarantee that you will be approved for a used car. You can find out whether you are approved in just two minutes and you won't even need to leave your home! Just visit our website at www.DriveTime.com and complete the short application. Once you have submitted the online application you will know almost instantly whether you have been approved. If you're approved, then you will need to visit one of our Dallas DriveTime locations where our friendly team will help you find the perfect used car.
